Application No. 10/632,084  
Filed: July 31, 2003  
Attorney Docket No. TI-35428

ON PETITION

This is a decision on the renewed petition under 37 CFR 1.137(b), filed March 9, 2007, to revive the above-identified application. The delay in responding is regretted.

It is not apparent whether the statement of unintentional delay was signed by a person who would have been in a position of knowing that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional. Nevertheless, in accordance with 37 CFR 10.18, the statement is accepted as constituting a certification of unintentional delay. However, in the event that petitioner has no knowledge that the delay was unintentional, petitioner must make such an inquiry to ascertain that, in fact, the delay was unintentional. If petitioner discovers that the delay was intentional, petitioner must so notify the Office.

Further, there is no indication that the person signing the instant petition was ever given a power of attorney or authorization of agent to prosecute the above-identified application. However, in accordance with 37 CFR 1.34(a), the signature appearing on the petition shall constitute a representation to the United States Patent and Trademark Office that he/she is authorized to represent the particular party in whose behalf he/she acts.

The petition satisfies the requirements of 37 CFR 1.137(b) in that petitioner has supplied (1) the reply in the form of an amendment; (2) the petition fee of \$1,500; and (3) a proper statement of unintentional delay. Therefore, the petition is **GRANTED**.

This application file is being referred to Technology Center Art Unit 2138 for further processing.
